

*Report Criteria:*

The following criteria have been utilized to filter the initial universe of data for each row and determining each client's specific date range to review. Data from other organizations or programs will be utilized for calculating LOT data.

Organizations: *All Organizations*

Programs: *Multiple*

CoC: *No Filtering on CoC*

Include: *Persons in ES and SH*

**Measure 1: Length of Time Persons Remain Homeless**

**Metric 1b:** This measure includes data from each client's "Length of Time on Street, in an Emergency Shelter, or Safe Haven" (Data Standards element 3.17) response and prepends this answer to the client's entry date effectively extending the client's entry date backward in time. This "adjusted entry date" is then used in the calculations just as if it were the client's actual entry date.
